Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The *Catalog* is subdivided to represent the classes of material listed in section 5 of said Title 17. The table at the end of this preface shows the organization of the *Catalog*, the symbols used with the registration numbers to distinguish the classes, and the prices of the semiannual issues. The annual subscription for each part is twice the price of a single issue and the complete catalog, including all parts, may be secured on a subscription basis for \$20 a year.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant, as given in the application for registration, the copyright date, the copyright registration number, etc.). Available information in the records of the Copyright Office, including information relating to subsequent changes of ownership, can be obtained upon request and upon payment to the Register of Copyrights of the fee specified in section 215 of said Title 17 (\$3 for each hour of time consumed) for the conduct of a search of the records.

In the case of each registration listed, except for renewals, the deposit of a copy (or copies) of the work has been made in accordance with the provisions contained in sections 12, 13, or 215 of said Title 17, or, in the case of published three-dimensional works of art, there has been compliance with section 13 of said Title 17, which provides for the deposit of identifying reproductions in lieu of the work itself. Foreign works, two copies of which

were deposited with a catalog card and application for registration under the waiver-of-fee provision in section 215 of Title 17 of the *United States Code*, are indicated by a zero immediately following the alphabetical symbol in the registration number.

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Orders, payable in advance, for all parts of the *Catalog of Copyright Entries* should be sent directly to the Register of Copyrights, Library of Congress, Washington 25, D. C. Orders may be placed for individual issues, as subscriptions for one or more parts, or for the complete *Catalog*, and for periods of one or more years. All orders should state clearly the title and the inclusive dates of the part wanted. Checks or money orders should be made payable to the Register of Copyrights.

The Copyright Office welcomes inquiries, suggestions and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

Table of Organization

Each part listed in the table records all current registrations in the class or classes indicated by the alphabetical symbols given. In each case the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for the purposes of statistical analysis. A zero immediately following the symbol (e. g., AF0, EF0) distinguishes a foreign work deposited under the waiver-of-fee provision. The symbol R does not represent a class designated by the copyright law, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. These are recorded in a separate section of those parts of the *Catalog* which cover the classes in which the works were originally

registered. Some parts also contain registrations made under other symbols if the subject matter or type of material is similar to that generally included in the part.

INTRODUCTION

PART 2 lists issues of domestic and foreign periodicals currently registered in Class B. Renewal registrations in Class B and renewal registrations of foreign periodicals originally registered in Class A are included. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as *Annals of*, *Bulletin of*, *Journal of*, etc., followed by the name of the body, are inverted to file under the name; e. g.,

AMERICAN ASSOCIATION FOR CAN-
CER RESEARCH. PROCEEDINGS.

FRANKLIN INSTITUTE OF THE STATE
OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and applications are explained in notes, enclosed in parentheses. A title which consists of two or more titles connected by such phrases as *combined with*, *incorporating*, etc., is written as follows

SELECTED SECURITIES GUIDE—MAR-
KET TIMER.

References lead from variant titles, from titles of specific issues, and from other titles associated with the periodical. Works for which the subsisting copyright has been renewed are listed separately in the Renewal Registrations section.

The Claimant Index to the names of claimants given in the main entries covers both currently registered works and renewal registrations, the

latter being distinguished by the symbol "R" following the title.

For periodicals other than certain newspapers (see below) each main entry includes the following items of information if available and applicable

- 1) Title.
- 2) Changes in title recorded following the phrases *Continuing* and *Continued as*.
- 3) Copyright symbol ©.
- 4) Name of the copyright claimant.
- 5) Volume number.
- 6) Issue number, issue date, or issue title.
- 7) Copyright symbol ©.
- 8) Publication date for each issue as given in the application.
- 9) Registration number for each issue.

For newspapers which are regularly deposited more often than weekly, a condensed entry is used which includes a statement of frequency of issue but gives the complete data only for the first and last issues registered during the period covered. Issues missing from the regular sequence are listed in parentheses following the statement of frequency of issue.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application are given first followed by the phrase "in notice" and the data given in the work: e. g., 3Jan58 (in notice: 1957).

For renewal registrations each main entry includes the following information

- 1) Title.
- 2) Copyright symbol ©

- 3) Name of the renewal claimant.
- 4) Statement in parentheses, usually in abbreviated form, giving the basis of the renewal claim as supplied by the claimant; e. g., "John Doe & Co. (PWH)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a work made for hire.
- 5) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
- 6) Copyright symbol ©.
- 7) Date of original copyright.
- 8) Original registration number.
- 9) Date of receipt of the renewal application or fee, whichever is later.
- 10) Renewal registration number.

Illustrative examples of typical entries are given below:

REMOVAL OF DEPOSITS FROM COPYRIGHT OFFICE

NOTICE is given to authors, copyright proprietors and other lawful claimants that they may claim and remove before January 1, 1961, any article of the following named classes of published works deposited for copyright between January 1, 1957, and January 1, 1958, not reserved or disposed of as provided by sections 213 and 214 of Title 17 of the United States Code and still remaining in the files of the Copyright Office at the time of the request for their removal. The classes of published works covered by this notice are:

- Books and Pamphlets.
- Contributions to periodicals.
- Works of art; models or designs for works of art.
- Reproductions of a work of art.
- Drawings or plastic works of a scientific or technical character.
- Photographs.
- Prints and pictorial illustrations excluding prints or labels used for articles of merchandise.

Other published works and all unpublished works are excluded from this notice.

The request for the removal of any copyright deposit should be signed by the person entitled thereto or his duly authorized agent. Such request should identify the work by stating the title, author, copyright proprietor, registration number and year of deposit, and should be addressed to the Copyright Office, Library of Congress, Washington 25, D. C.

The Library of Congress catalog card for this publication is shown on the last page.

For sale by the Register of Copyrights, Library of Congress, Washington 25, D. C. Price for this part: \$1.00 per issue, \$2.00 per year.

Preface

The CATALOG OF COPYRIGHT ENTRIES is published by authority of sections 210 and 211 of Title 17 of the *United States Code*. Section 210 provides in part: "The current catalog of copyright entries and the index volumes herein provided for shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The *Catalog* is subdivided to represent the classes of material listed in section 5 of said Title 17. The table at the end of this preface shows the organization of the *Catalog*, the symbols used with the registration numbers to distinguish the classes, and the prices of the semiannual issues. The annual subscription for each part is twice the price of a single issue and the complete catalog, including all parts, may be secured on a subscription basis for \$20 a year.

The record of each copyright registration listed in the *Catalog* includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant, as given in the application for registration, the copyright date, the copyright registration number, etc.). Available information in the records of the Copyright Office, including information relating to subsequent changes of ownership, can be obtained upon request and upon payment to the Register of Copyrights of the fee specified in section 215 of said Title 17 (\$3 for each hour of time consumed) for the conduct of a search of the records.

In the case of each registration listed, except for renewals, the deposit of a copy (or copies) of the work has been made in accordance with the provisions contained in sections 12, 13, or 215 of said Title 17, or, in the case of published three-dimensional works of art, there has been compliance with section 13 of said Title 17, which provides for the deposit of identifying reproductions in lieu of the work itself. Foreign works, two copies of which

were deposited with a catalog card and application for registration under the waiver-of-fee provision in section 215 of Title 17 of the *United States Code*, are indicated by a zero immediately following the alphabetical symbol in the registration number.

For a more complete description of the contents of this issue of the *Catalog* see p. vii.

Orders, payable in advance, for all parts of the *Catalog of Copyright Entries* should be sent directly to the Register of Copyrights, Library of Congress, Washington 25, D. C. Orders may be placed for individual issues, as subscriptions for one or more parts, or for the complete *Catalog*, and for periods of one or more years. All orders should state clearly the title and the inclusive dates of the part wanted. Checks or money orders should be made payable to the Register of Copyrights.

The Copyright Office welcomes inquiries, suggestions and comments on the content and organization of the *Catalog*. Such communications should be addressed to the Chief of the Cataloging Division, Copyright Office, Library of Congress, Washington 25, D. C.

Table of Organization

Each part listed in the table records all current registrations in the class or classes indicated by the alphabetical symbols given. In each case the first letter of the symbol is that of the class under which registration is made; the second, if any, is a designation added by the Copyright Office for the purposes of statistical analysis. A zero immediately following the symbol (e. g., AF0, EF0) distinguishes a foreign work deposited under the waiver-of-fee provision. The symbol R does not represent a class designated by the copyright law, but has been adopted by the Copyright Office to distinguish renewal copyright registrations. These are recorded in a separate section of those parts of the *Catalog* which cover the classes in which the works were originally

registered. Some parts also contain registrations made under other symbols if the subject matter or type of material is similar to that generally included in the part.

INTRODUCTION

PART 2 lists issues of domestic and foreign periodicals currently registered in Class B. Renewal registrations in Class B and renewal registrations of foreign periodicals originally registered in Class A are included. In addition to popular and scholarly journals, these works include many house organs, adventure and comic periodicals, and a number of newspapers.

Arrangement is by title. Each issue registered is recorded under the main title of the periodical. In general, the titles of publications of societies, institutions, and other corporate bodies beginning with such general and nondistinctive terms as *Annals of*, *Bulletin of*, *Journal of*, etc., followed by the name of the body, are inverted to file under the name; e. g.,

AMERICAN ASSOCIATION FOR CAN-
CER RESEARCH. PROCEEDINGS.

FRANKLIN INSTITUTE OF THE STATE
OF PENNSYLVANIA. JOURNAL.

Variations in titles as given in the copies and applications are explained in notes, enclosed in parentheses. A title which consists of two or more titles connected by such phrases as *combined with*, *incorporating*, etc., is written as follows:

SELECTED SECURITIES GUIDE—MAR-
KET TIMER.

References lead from variant titles, from titles of specific issues, and from other titles associated with the periodical. Works for which the subsisting copyright has been renewed are listed separately in the Renewal Registrations section.

The Claimant Index to the names of claimants given in the main entries covers both currently registered works and renewal registrations, the

latter being distinguished by the symbol "R" following the title.

For periodicals other than certain newspapers (see below) each main entry includes the following items of information if available and applicable:

- 1) Title.
- 2) Changes in title recorded following the phrases *Continuing* and *Continued as*.
- 3) Copyright symbol ©.
- 4) Name of the copyright claimant.
- 5) Volume number.
- 6) Issue number, issue date, or issue title.
- 7) Copyright symbol ©.
- 8) Publication date for each issue as given in the application.
- 9) Registration number for each issue.

For newspapers which are regularly deposited more often than weekly, a condensed entry is used which includes a statement of frequency of issue but gives the complete data only for the first and last issues registered during the period covered. Issues missing from the regular sequence are listed in parentheses following the statement of frequency of issue.

Whenever it is necessary to indicate a variation between the information given in the application and in the copy of the work with respect to the claimant's name or the date of publication, the data from the application are given first followed by the phrase "in notice" and the data given in the work; e. g., 3Jan58 (in notice: 1957).

For renewal registrations each main entry includes the following information:

- 1) Title.
- 2) Copyright symbol ©.

- 3) Name of the renewal claimant.
- 4) Statement in parentheses, usually in abbreviated form, giving the basis of the renewal claim as supplied by the claimant; e. g., "John Doe & Co. (PWH)" indicates that renewal of copyright is claimed by John Doe & Co. as proprietor of copyright in a work made for hire.
- 5) Data identifying the specific issues in which renewal is claimed, consisting generally of volume number, issue number, and issue date.
- 6) Copyright symbol ©.
- 7) Date of original copyright.
- 8) Original registration number.
- 9) Date of receipt of the renewal application or fee, whichever is later.
- 10) Renewal registration number.

Illustrative examples of typical entries are given below:
